Some Things You Should Know About Our Gluten-smart Crust

This new crust has been manufactured in a strictly gluten-free facility and is made with tapioca starch, whole grain sorghum and sweet rice flour instead of traditional wheat flour.

Although we are confident that this product does not contain gluten, the nature of our open concept kitchens and daily hand-made dough, present possible flour cross-contamination and therefore gluten exposure.

Subsequently, this crust is NOT recommended for celiac disease sufferers or those customers with a moderate to high gluten intolerance or sensitivity.

This crust is free of all major allergens (dairy, eggs, soy, wheat/gluten, sulphite, shellfish, fish, peanuts, tree nuts, mustard seed & sesame seed).

Panago takes food safety and handling very seriously. Our restaurant staff receive a high level of training and there are several procedures in place to keep the potential for cross contamination at a minimum.

Please refer to the nutritional chart for a list of pizza recipes that contain gluten.

Here is a list of procedures in place to minimize cross-contamination:

- Special square screens have been provided to each store for cooking purposes of this gluten-smart crust only
- Clean knives are used for cutting this crust
- Cooking screens are kept in a sealed container when not being used
- Our gluten-smart crusts are kept in individually sealed packages and are not opened until the pizza is ordered
- The crust is square to be easily identifiable to all store staff
- Small stickers are adhered to all gluten-smart pizzas that leave the store to emphasize a potential risk to customers who may have gluten intolerances
